Family and Cosmetic Dentistry

Insurance Handling Policy

The insurance policy is between you and your insurance company. The dental office of Tyler Carmack, D.M.D. and Elizabeth Carmack, D.M.D. will gladly file insurance claims for you. In the event a claim is denied, we will be glad to refile your claim **one** more time. The office will be happy to file predeterminations of benefits at your request for future dental needs.

It is your responsibility as the patient, as the subscriber of the insurance, and contract holder with your insurance company to be aware of the limitations and conditions of your particular insurance policy. **The ultimate financial responsibility for payment of services is the patients, not the insurance company!**

The insurance companies rarely cover **100%** of the fees. Our office will ask that you pay your portion (co-pay and/or deductible) at the time of your visit.

If you have any questions about our office insurance handling policy we shall be happy to discuss this policy with you.

Thank you,

Tyler Carmack, D.M.D.

Elizabeth Carmack, D.M.D

I have read and understand the above policy for this office:

Patient Name: _____

Signature of Patient or Guardian: _____

Date: _____
